

Windermere Real Estate/Stellar Group

Business and industry, fine arts, higher education, city and rural living and abundant outdoor activities are all a part of life in Vancouver, USA where Windermere associates are actively helping buyers and sellers with their real estate needs. We started business in 1988 and are still locally owned and operated.

TWO LOCATIONS TO SERVE YOU

In Clark County, we have two locations to serve our clients: historic Officers Row – “The oldest neighborhood in the Northwest”, and our office at Mill Plain IV - one of the area’s finest office complexes. Both of these prime locations have agents that average over 18 years of real estate experience, as well as superior support services, up-to-date technology and state-of-the-art resources. Our office environments are professional and inviting, allowing our agents to better serve our clients.

OUR COMMUNITY

Vancouver has a strong sense of community and we are proud to give back to the neighborhoods that have helped us succeed. Windermere’s highly educated, experienced sale associates participate in twice as many transactions as the industry standard. As a result, they are familiar with surrounding neighborhoods, the local real estate market, and issues and trends affecting your real estate needs.

Windermere buyers and sellers enjoy a host of unique services such as the Premier Properties Marketing Program for upscale properties. The Windermere network of more than 300 offices and 7,000 agents puts you in touch with buyers and sellers throughout the 10 Western states and Canada. We are also affiliated with the leading network of national and international brokerages to assist you in real estate services throughout the U.S. and the world.

OUR COMMITMENT

Windermere’s sense of community is not limited to providing the best in real estate services. Through the non-profit Windermere Foundation, homeless children have received new school shoes and supplies in the fall. Locally, Windermere Real Estate/Stellar Group and all of its agents make contributions from each real estate transaction to support programs assisting children and families in need. Over 21 million dollars has been raised and contributed by Windermere agents throughout Washington for the Windermere Foundation.

Every year, Windermere agents roll up their sleeves for our annual Community Service Day projects. Since 1992, Windermere associates in Vancouver have landscaped and completed minor repairs for homes of neighbors in need. Other projects have included food drives, sponsoring needy families at holiday time and contributions to support shelters and job rehabilitation programs.

While residential real estate is the mainstay of our business, we also have associates to specialize in investment properties, land, new construction and relocation services.

Whether you’re looking to buy or sell real estate in Southwest Washington, we can help you make the right move!
